Dear Ms. Dines,

Forgive my long overdue response to your generous and gracious gift of quilts to the Stouffville family who recently joined our community through the efforts of Habitat for Humanity. I was finally able to connect with the family and they were overjoyed and touched by your recent gifts. The family was astounded by the beautiful quilts and welcomed the blankets given our rather cold winter.

I am particularly grateful for your donation and appreciative of the gesture. Know of my utmost appreciation for your guild and well-wishes for your ongoing service to our community.

May you and your guild be richly blessed in all that you do.

Sincerely,

Rev. Don Beyers
Assistant Curate
